Project Name	Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges.

Problem Statement (PS)	I am(Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	An IT procurement team member / employee requesting standard laptop	Streamline standard laptop orders and ensure prompt configuration	The current IT procurement process lacks efficiency, automation, and causes delays with manual overhead	Standard laptop requests require manual configuration steps prone to oversight and delays	Frustrated with wait times, but optimistic about workflow automation using ServiceNow Flow Designer
